RE: AARYA VOHRA

To Whom It May Concern:

Please be advised the above referenced student worked as an intern in our Boston office from May 27 thru June 14, 2019.

Omni Navitas is a solar developer based out of Boston, MA. Omni partners with commercial owners and government agencies on a global scale to implement revenue-generating solar solutions for private and public institutions in the United States and Asia. Please visit [omni-navitas.com](http://omni-navitas.com) for further information.

During his internship, Aarya spent time with the following departments:

1. Sales- Omni's sales pitch to private and government agencies.
2. Solar design- Aarya spent time mastering solar helioscope design software.
3. Project Management- spent time on how a solar project is envisioned, constructed, managed and ultimately sold.
4. Community solar- Aarya spent time learning how energy created from solar projects are sold to communities that can benefit from clean energy and lower pricing.
5. Financial- Aarya spent time learning how solar projects are financially modeled here in the United States and Asia.
6. Aarya also did site visits with Omni's technical team to determine if site is feasible for solar development.

During his time at Omni, Aarya showed a strong desire to learn and presented himself with great maturity and confidence.

Should you have any further questions, please do not hesitate to email or call.

Sincerely,

Suki Singh
